# Words of wisdom through management

## Editorial

It is a matter of proud to pen down the message for a DREAM WEAVER. The Sunder Deep College of Architecture is a platform for the students to express their pursuit which develops in them originality of thought and perception. The content of the newsletter reflects wonderful creativity of thoughts and imagination of our students. We extend our warm wishes to the Director, faculty and students of Sunder Deep College of Architecture to continue this journey to the road of excellence. " May the sapling grow into study tree and spread its branches". We fortunately have a committed and supported management, dedicated faculties caring and cooperative parents, which we are sure will enable our pupil to think, create and unfold the magic ecstatic imaginations. We have been greatly fascinated by the work of a sculptor. Through his chiselled touch, the cold and unpolished stone becomes a living mould. The more the marble is carved and shaped the more the statue is softened into Life by sheer passion, dedication and vision of the artist. Likewise an Angle in each student is sincerely sought SDCA and every possible Endeavour is undertaken to hone it by attacking the wings of opportunity through the tools of education. Eventually, a successful flight of dreams, full of conviction is observed to happen!

We would wish every student of our college to evolve into good if not great human being only then can society benefits as a whole.

We are hopeful that Sunderdeep College of Architecture will transform the students into enlightened and dynamic young professionals ready to face the challenges of Society and Industry and add to the growth and prosperity of the nation.

I am sure that Sunderdeep College of Architecture will grow exponentially in quality and size and will prove their worthiness by meeting the expectations of aspiring students and parents. May God bless our students to achieve Professional eminence in their fields of education and make our members fulfill their dreams of centers of Excellence in professional education.

SHRI. MAHENDRA AGGARWAL  
CHAIRMAN

Sunderdeep College of Architecture embarked its journey towards field of Architectural education spurred by a search in the demand for quality architects who were expected to shape the destiny of contemporary India, homogenize the

country's Interest and usher in a new millennium with new promises. At SDCA, we give students the best of facilities backed by adequate infrastructure and operational ambience like state-of-the-art Studios and workshops, highly experienced teachers and other learning resources. Success comes to those who work hard but stays with those who do not rest on the laurels of the past. We try to direct the collective efforts of the faculty to build a comprehensive methodology which encompasses education for stimulating mind of the students in such a way that they endeavor to be responsible citizens of their country.

MR. AKHIL AGGARWAL  
VICE CHAIRMAN

# Team Department Of Architecture

## Director's Words

Architecture means the art and science of designing buildings and other physical structures. Architecture profession bestows an individual with the creative liberty and procedural cognition to cast once logical mind's eyes and concerns into tangible realities. This would pave the way for the evolution of newer landmarks for the nation as well as in the global context in future. "Plan your dreams miracles will grow." There is perhaps no other profession but architecture that reaffirms this.

All Architectural demands of yours that you believe every moment, be responsive to anything that fuels your imagination, resonates with inspiration, it could be old movies, bridges, art anything.

The flair of sketching and a sense of colors can help one initially during the college years. Apart from Architecture there is perhaps no other academics experience or a profession that operates through all fathoms of human knowledge system-form art to engineering from real estate economics to behavioral psychology or the digital neural networks- you name it all.

Prof. Rakesh Sapra  
Director – Department of Architecture

## FACULTIES OF ARCHITECTURE DEPARTMENT

# University Rank Holders

Students of Sunder Deep College of Architecture again secured Gold Medal & Silver Medal in AKTU.

B.Arch student of 2014-2019 batch, Simmi Bansal received a Silver Medal and certificate at AKTU 18<sup>th</sup> convocation by Smt. Anandiben Patel, Governor of Uttar Pradesh. SDCA congratulations to Simmi Bansal and Faculty of Architecture for their well-deserved success and achievements.

# Happiness All Around In Department

Ankita Rana, B.Arch student of 2014-2018 batch secured Rank 1 in AKTU with a total of 89.65%. She received a Gold Medal and certificate at AKTU convocation 2018 by Shri Ram Naik, Hon'ble Chancellor & Governor of U.P.

## 2<sup>ND</sup> YEAR STUDENT ISHWAR- RECEIVING AWARD FROM EMINENT AR.HAFEEZ CONTRACTOR

Architecture is an expedition to creative thoughts adding soul to a machine. It gives a direction to the essence of living and hence can be said that, 'Architecture is life. Archventure, a convention which is designed for the designers. Our students had the privilege to participate in Archventure and secured various awards from the eminent Architect. – Mr. Hafeez Contractor.

**ZAINAB RAO- 83% , AKTU RANK HOLDER 2017**

**SAUMYA, AKTU RANK HOLDER 2014**

**JASIM AHMED, 84% AKTU RANK HOLDER 2017**

**HARSHIT PARASHAR 82% , AKTU RANK HOLDER 2017**

# INTERACTIVE SESSION SDCA WAS ORGANIZED ON ARCHITECTURAL TECHNOLOGY BY INTERNATIONAL ARCHITECTS FROM UK

An attempt to provide exposure and opportunities to the students on an international platform. Ms. Tara Page, CIAT's education and International Director and Dr. Colin Stulhfelder, Program Leader, Architectural design technologies at Wrexham Glyndwr University in Wales gave an insight of CIAT, its discipline in Architecture Technology and its works in India.

Concurrent and Cumulative approach, where modules in the same complementary, while students understand, as they progress from ect all their relevant learning.

# HANDS-ON WORKSHOP ON BAMBOO AT SDCA

**AR. Kanika Singh  
Bamboo Expert**

A two days Hands-On Bamboo Workshop on Geodesic Dome was organized at SDCA. The workshop was conducted by expert Ar. Kanika Singh, who is the Principal Architect at DeStylio Architects, Ghaziabad, Uttar Pradesh (U.P.) B.Arch students from all the years actively participated in the workshop.

The workshop highlighted the construction of a Geodesic dome with bamboo which is a hemispherical thin-shell structure based on a geodesic polyhedron.

**Ar. Kanika interacting with the students**

**The whole dome was completely constructed and assembled by the students**

# Let's Showcase the Work

## ARCHITECTURAL EXHIBITION AT SDCA

Art and graphic display board by students

Local architects from Ghaziabad interacting with students and giving feedback.

## ARCHITECTURAL THESIS JULY 2019

5th Year B. Arch. students presented their major thesis semester project work before the invited external examiners. Among the prestigious projects were of Airport, Hospital, Universities, Research Institutions, and Cultural Centers apart from many other live design projects proposed by Govt. and other organizations.

# Architecture Is All About Exploration

## EDUCATIONAL TRIP AND SITE VISITS

Architecture is not just about studios and lectures. The more you travel, the more you see, you learn. So in order to provide a complete feel and exposure to this field we regularly conduct educational trips.

Few amongst them were the visit to Brick Kiln by students of 1<sup>st</sup> year- the place where bricks are made.

Visit to Villas of Golf Link Land craft for 2<sup>nd</sup> year students as part of their project. To understand the practical aspect while designing.

## SDCA PARTICIPATION IN NASA & COLLEGE FESTS

### SDCA STUDENTS PARTICIPATED IN ZONAL NASA AT CHANDIGARH

SDCA is the Member college of NASA from past 7 years and won many prizes.
